

STATUS REPORT

ERIE COUNTY
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
(FISCAL YEARS 2000 thru 2009)

**ERIE COUNTY
FY 2000 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Union City Municipal Authority Water Reservoir Aeration Project	Installation of two (2) rotary vane continuous duty compressors with filters at the Union City reservoir to reduce levels of THM, which is a carcinogen.	926 families 3,463 persons 57% LMI (Community-Wide)	\$42,575.00	COMPLETED
2. Sanitary Sewer System	Lawrence Park Twp. Priestly Ave. Sanitary Sewer Line Replacement Project	Sanitary sewer/storm sewer replacement along Priestly, Avenue from Main Street to manhole L104, in Lawrence Park Township. Project work activities will include replacement of 290 L.F. of 8" VCP sanitary sewer with 8" PVC sanitary sewer pipe, and 40 ft. of 15" storm sewer pipe with 15" reinforced concrete storm sewer pipe. Also to be replaced are 2 sanitary sewer manholes and 56 ft. of laterals and 2 catch basins.	16 families 56 persons 62.5% LMI	\$63,311.50	COMPLETED
3. Sanitary Sewer System	Wesleyville Borough Pearl Ave. Sanitary /Storm Sewer Replacement Project (Phase I)	Sanitary sewer/storm sewer replacement along Pearl Avenue, from Union Avenue to Eastern Avenue, in Wesleyville Borough. Project work activities will include replacement of 285 L.F. of 12" VCP sanitary sewer with 12" PVC sanitary sewer pipe, including 2 manholes; and the replacement of 415 L.F. of existing 12" and 15" storm sewers with new concrete pipe of the same size, including 2 manholes and 2 catch basins.	30 families 47 persons 72 % LMI	\$96,059.00	COMPLETED
4. Sanitary Sewer System	Wesleyville Borough Pearl Ave. Sanitary Sewer/Storm Sewer Replacement Project (Phase II)	Sanitary sewer/storm sewer line replacement along Pearl Avenue, from Bird Drive to Union Avenue, in Wesleyville Borough. Project work activities will consist of the replacement of approximately 305 feet of 10-inch diameter VCP sanitary sewer with 10-inch PVC sanitary sewer pipe and one (1) sanitary manhole. Also to be replaced is approximately 370 feet of existing 12", 15", and 18" storm sewer pipe with new concrete pipe of the same size, along with one (1) storm manhole and three (3) catch basins. (Multi-Year: FY'99 & FY'00)	17 families 37 persons 55.3% LMI	\$31,798.49	COMPLETED
5. Storm Sewer System	Union City Borough Grant St. Storm Sewer Construction Project	Installation of storm sewers along Grant Street, from Miles Street to Union Street, in Union City Borough. Project work activities will include installation of 1,500 L.F. of 15", 18", and 24" HDPE pipe, and 16 inlets with bicycle safe grates.	19 families 48 persons 62.5% LMI	91,065.00	COMPLETED
6. Public Community Facilities	Union City Borough Atlantic Sidewalk Construction Project	Construction of sidewalks along both sides of Atlantic Street, from South Main Street (PA Route 8) to Washington Street in Union City Borough. Project work activities will consist of the installation of approximately 1,750 lineal feet of 4-inch thick concrete sidewalk; driveway adjustments; curb-cut ramp installation at intersections; and site restoration.	27 families 89 persons 64% LMI	\$27,517.51	COMPLETED
7. Housing Rehabilitation	Cranesville Borough Housing Rehabilitation Project	Rehabilitation of one (1) single-family, LMI owner-occupied housing unit for compliance with HUD Section 8 Housing Quality Standards.	1 family 4 persons 100% LMI	\$10,888.50	COMPLETED
8. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$77,045.00	COMPLETED
TOTAL				\$440,260.00	

**ERIE COUNTY
FY 2001 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Union City Municipal Authority Water Filtration Plant Improvement Project	Installation of baffles in the settling tanks to enhance the quality of water treatment.	926 families 3,463 persons 57% LMI (Community-Wide)	\$24,150.00	COMPLETED
2. Sanitary Sewer System	Union City Municipal Authority Pump Station Improvement Project	Upgrade the sewage pump station to include the installation of three (3) new, larger capacity pumps with automated controls to reduce the number of excess sewage flows into French Creek.	926 families 3,463 persons 57% LMI (Community-Wide)	\$56,663.32	COMPLETED
3. Sanitary Sewer System	Wesleyville Borough East 29 th St. Sanitary Sewer Replacement Project	Replacement of 250' of 8" diameter PVC pipe and the installation of 2 manholes along East 29 th Street between Groveland Avenue and Highland Avenue in Wesleyville Borough. The improvements will reduce inflow and infiltration into the sanitary sewer system.	5 families 13 persons 53.8 % LMI	\$26,760.35	COMPLETED
4. Sanitary Sewer System	Waterford Township Rt. 19 Sanitary Sewer Line Installation Project	Installation of 1,310 feet of 2-inch diameter pressure sanitary sewer and 334 feet of 8-inch diameter PVC gravity sewer pipe on U. S. Rt. 19 from State Rt. 97 south to the Lake LeBoeuf outlet in Waterford Township. The project will eliminate on-lot septic systems, which have a history of malfunctions.	21 families 28 persons 81% LMI	\$49,649.00	COMPLETED
5. Storm Sewer System	Union City Borough Johnson Street Storm Sewer Construction Project	Installation of 1,142' of 15-inch and 18-inch HDPE storm sewer pipe and 9 inlets along Johnson Street, from Miles Street to Union Street in Union City Borough. The project will improve drainage conditions in the area, eliminate roadside ditches, and help in the protection of the road sub-base.	4 families + Union City Senior Center 100% LMI	\$46,130.00	COMPLETED
6. Customer Facilities Work	Wattsburg Borough Customer Facilities Work Project	Payment of 24 LMI household service laterals associated with a community-wide water system improvement project.	24 families 68 persons 100% LMI	\$20,758.20	COMPLETED
7. Architectural Barrier Removal	Lake City Borough Handicapped Accessible Curb-Cut Ramps Project	Construction of handicapped accessible curb-cut ramps at 53 street corners in Lake City Borough.	Disabled persons 100% LMI	\$47,919.00	COMPLETED
8. Public Community Facilities	Cranesville Borough West Crane Street Neighborhood Improvement Project	Replacement of 1,446 feet of 8-inch diameter asbestos cement water line with 8-inch PVC pipe; replacement of 1,360 feet of sidewalk, the removal/replacement of 14 trees along West Crane Street, from John Williams Avenue to Rt. 18 in Cranesville Borough.	30 families 77 persons 53% LMI	\$109,806.13	COMPLETED
9. Administration	-	General management, oversight, and coordination of the CDBG Program	-	\$83,817.00	COMPLETED
TOTAL				\$465,653.00	

**ERIE COUNTY
FY 2002 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Union City Municipal Authority Water Well Project	Locate and develop a ground water supply (well) to supplement Union City Borough's surface water reservoir. CDBG funds will pay for the hiring of a geological firm to perform exploratory test borings; construction of the production well; and connection of the well to the existing distribution system. . ECDP NOTE: After nearly two (2) years of testing, a suitable well site was not found and as such the project was terminated in June 2005. Of the \$115,500 set aside for the project, a total of \$54,973.55 was expended leaving a balance of \$60,526.45. The residual monies were reallocated for housing rehabilitation in Lawrence Park Township (see below).	926 families 3,463 persons 57% LMI (Community wide)	\$54,973.55	COMPLETED
2. Housing Rehabilitation	Lawrence Park Township Housing Rehabilitation Project	Rehabilitation of substandard, single-family, LMI owner-occupied housing units in Lawrence Park Township for compliance with HUD Section 8 Housing Quality Standards. (Multi-Year CDBG: '02 & '04)	2 families 4 persons 100% LMI	\$60,526.45	COMPLETED
3. Water System	Waterford Township Rt. 19 Water Extension Project	Provide potable water service along a section of U.S. Route 19, south of the State Route 97 intersection, approximately 1,500 feet in Waterford Township. Work activities will include the installation of an 8-inch diameter PVC water line, hydrants, valves, and service connections. The project will provide reliable water quality, quantity and fire protection to a portion of the township with marginal private water supply.	21 families 32 persons 81% LMI	\$89,000.00	COMPLETED
4. Sanitary Sewer/ Storm Sewer	Wesleyville Borough Union Avenue Sanitary Sewer/Storm Sewer Replacement Project	Replacement of deteriorated sanitary sewer/storm sewer lines along Union Avenue, from Pearl Avenue, south, a half-block toward North Street in Wesleyville Borough. Project work activities will consist of the replacement of 305 feet of 8-inch diameter VCP sanitary sewer with 12-inch PVC sanitary sewer pipe, and one (1) sanitary manhole. Also to be replaced is 370 feet of existing 12-inch and 15-inch storm sewers with new concrete pipe of the same size, as well as one (1) storm manhole and three (3) catch basins. The improvements will provide adequate sewage flows and reduce storm water inflow into the sanitary sewer system, thereby eliminating incidents of sewer backups and flooded basements in the area.	17 families 42 persons 57% LMI	\$78,811.76	COMPLETED
5. Housing Rehabilitation	Cranesville Borough Housing Rehabilitation Project	Rehabilitation of substandard, single-family, LMI owner-occupied housing units in Cranestown Borough for compliance with HUD Section 8 Housing Quality Standards.	3 families 13 persons 100% LMI	\$55,448.17	COMPLETED
6. Public Community Facilities	-	NOTE: Residual '02 CDBG monies were provided to the '01 CDBG funded Cranestown Borough West Crane Street Neighborhood Improvement Project.	See FY 2001	\$22,268.96	COMPLETED
7. Water System	-	NOTE: Residual '02 CDBG monies were provided to the '04 CDBG "Competitive" funded Union City Municipal Authority Fire Hydrants Replacement Project	-	\$14,502.11	COMPLETED
8. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$82,430.00	COMPLETED
TOTAL				\$457,961.00	

**ERIE COUNTY
FY 2003 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1.Sanitary Sewer System	Lawrence Park Township Gindy's Mobile Home Park Sanitary Sewer Improvement Project	Upgrade the main sanitary sewer line which serves Gindy's Mobile Home Park in Lawrence Park Township. Project work activities will consist of lining 2,070 ft. of 8' diameter sewer line with a cured-in-place liner. The improvements will help alleviate sewer backups and inflow and infiltration into the sewer system.	93 families 158 persons 56% LMI	\$87,250.00	COMPLETED
2. Sanitary Sewer System	Lake City Borough Cherry Street Lift Station Improvement Project	Replace the existing surface mounted suction lift pump with duplex submersible wastewater pumps at the Cherry Street Lift Station in Lake City Borough. The improvements will eliminate system malfunctions which have resulted in sanitary sewer backups.	49 families 124 persons 85% LMI	\$44,542.91	COMPLETED
3.Sanitary Sewer System	Lake City Borough Maple Avenue Lift Station Improvement Project	Replace the existing surface-mounted suction lift pump with duplex submersible wastewater pumps at the Maple Avenue Lift Station in Lake City Borough. The improvements will eliminate system malfunctions which have resulted in sanitary sewer backups.	85 families 219 persons 68% LMI	\$45,582.90	COMPLETED
4.Sanitary Sewer System	Lake City Borough Edge Park Drive Lift Station Improvement Project	Replace the existing submersible pumps with new pumps as well as replace check valves, electrical controls and alarm system at the Edge Park Drive Lift Station in Lake City Borough. The station's existing submersible pumps have a history of maintenance problems including frequent seal replacement and rebuilding, which has become a costly maintenance expense. The pumps have been repaired so often that it has been difficult to keep a second pump operational for backing up the first pump.	150 families 442 persons 52% LMI	\$24,550.00	COMPLETED
5. Storm Sewer System	Union City Borough Lincoln Street Storm Sewer Construction Project	Install 1,050 feet of 12", 15", and 18" diameter HDPE storm sewer pipe and 12 inlets along Lincoln Street, from Brown Street to Concord Street in Union City Borough. The project will improve drainage conditions in the area, eliminate roadside ditches, and help in the protection of the road sub base.	8 families 18 persons 61% LMI	\$58,227.75	COMPLETED
6.PublicCommunity Facilities	Mill Village Borough East Center Street Sidewalk Replacement Project	Replace sidewalks along the north side of East Center Street, from North Main Street to Depot Street in Mill Village Borough. The project will improve pedestrian access and enhance the appearance of the neighborhood.	7 families 24 persons 58% LMI	\$20,412.70	COMPLETED
7. Public Community Facilities	Mill Village Borough South Main Street Sidewalk Replacement Project	Replace sidewalks along the east side of South Main Street from East Center Street to Depot Street in Mill Village Borough. The project will improve pedestrian access and enhance the appearance of the neighborhood	8 families 23 persons 74% LMI	\$27,238.20	COMPLETED
8.Public Community Facilities	Cranesville Borough Reed Street Neighborhood Improvement Project	Undertake improvements along Reed Street in Cranesville Borough consisting of the following activities: <ul style="list-style-type: none"> ❑ Replace 570 feet of 6-inch diameter asbestos cement water line with 6-inch diameter PVC pipe and install one (1) fire hydrant. ❑ Install 480 feet of 15-inch diameter HDPE storm sewer pipe and four (4) catch basins ❑ Replace 870 feet of sidewalk ❑ Remove/replace two (2) trees 	11 families 28 persons 64% LMI	\$65,323.50	COMPLETED
9. Sanitary Sewer System	-	NOTE: Residual '03 CDBG monies were provided to the '05 CDBG funded Lake City Borough Cherry Street Sanitary Sewer Line Replacement Project.	See FY 2005	\$7,466.04	COMPLETED
10. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$83,545.00	COMPLETED
TOTAL				\$464,139.00	

**ERIE COUNTY
FY 2004 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1.Sanitary Sewer System	Union City Municipal Authority North Side Lift Station Force Main Replacement Project	Replace 940 ft. of 8-inch diameter sanitary sewer force main with 10-inch diameter HDPE pipe and appurtenances from the North Side Lift Station on Rt. 97 across the south branch of French Creek to the gravity sewer leading to the sewage treatment plant on Still Road in Union City Borough. This project, coupled with other recent improvements to the lift station, will help eliminate sewage overflows into French Creek.	926 families 3,463 persons 57% LMI (Community wide)	\$78,650.00	COMPLETED
2.Sanitary Sewer System	Wesleyville Borough Jackson Place Sanitary Sewer Line Replacement Project	Wesleyville Borough: Replace the sanitary sewer line and appurtenances along Jackson Place, from Freemont Avenue to Skellie Avenue in Wesleyville Borough. Project work activities will consist of the following: <input type="checkbox"/> Remove and replace 565 feet of 6-inch diameter VCP sanitary sewer with 8-inch diameter polyvinyl chloride (PVC) sanitary sewer pipe <input type="checkbox"/> Remove and replace three (3) sanitary sewer manholes <input type="checkbox"/> Construct one (1) new sanitary sewer manhole <input type="checkbox"/> Replace 460 feet of sewer laterals <input type="checkbox"/> Remove and replace 25 feet of 12-inch diameter storm sewer pipe with new concrete pipe of the same size; and <input type="checkbox"/> Remove and replace one (1) storm sewer manhole and three (3) storm sewer inlets. In addition, the project will provide for site restoration including full street resurfacing and curb/sidewalk repairs. The improvements will ensure adequate sewage flows, reduce inflow and infiltration into the sewer system and enhance the appearance of the neighborhood. <input type="checkbox"/>	21 families 60 persons 54% LMI	\$136,118.44	COMPLETED
3.Sanitary Sewer System	Union City Municipal Authority Wet Well Improvements Project	Install variable speed drive controls for triple submersible wastewater pumps at the Union City North Side Lift Station. The project is the third phase of the three-phase project to make improvements to the lift station in order to eliminate sewage overflows into French Creek.	926 families 3,463 persons 57% LMI (Community-wide)	\$19,925.00	COMPLETED
4.Storm Sewer System	Union City Borough North Street Storm Sewer Construction Project	Install 700 ft. of 12-inch, 15-inch, and 18-inch diameter HDPE storm sewer pipe and 10 inlets along North Street from Prospect Street to Wattsburg Street in Union City Borough. The project will improve drainage conditions in the area, eliminate roadside ditches, and help in the protection of the road sub base.	7 families 18 persons 83% LMI	\$31,925.60	COMPLETED
5.Housing Rehabilitation	Lawrence Park Township Housing Rehabilitation Project	Rehabilitation of seven (7) substandard, single-family, LMI owner-occupied housing units in Lawrence Park Township for compliance with HUD Section 8 Housing Quality Standards. (Multi-Year CDBG funding: '02 & '04) (3810 Morse St.; 4149 Bell St.; 3931 Bell St.; 641 Crotty Dr.; 1038 Newton Ave.; 1057 Silliman; 4022 Morse St.)	7 families 10 persons 100% LMI	\$115,457.24	COMPLETED
6. OTHER	-	- SEE NOTE -	-	\$7,923.72	COMPLETED
7.Administration	-	General management, oversight, and coordination of the CDBG Program.	-	85,602.00	COMPLETED
TOTAL				\$475,602.00	

Note: \$380.96 was provided to the FY 2005 funded Lake City Borough Cherry Street Sanitary Sewer Line Replacement Project
\$3,563.04 was provided to the FY 2005 funded Wattsburg Borough North Street Drainage Improvement Project
\$1,229.72 was provided to the FY 2006 Lake City Borough Railroad Street Water Line Replacement Project
\$1,750 was provided to the FY 2006 Union City Munic. Auth. Wastewater Treatment Plant Headworks Screen Procurement Project
\$1,000 was provided to the Wesleyville Borough Pearl Avenue Sanitary Sewer Line Replacement Project

**ERIE COUNTY
FY 2005 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1.Sanitary Sewer System	Lake City Borough Cherry Street Sanitary Sewer Line Replacement Project	<p>Replace the sanitary sewer line along Cherry Street, from Hall Avenue to Billings Drive, in Lake City Borough. Project work activities will consist of the following:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Remove and replace 1,331 LF of 10-inch diameter VCP sanitary sewer line with 10-inch diameter polyvinyl chloride (PVC) sanitary sewer main <input type="checkbox"/> Reconnect 22 service laterals <input type="checkbox"/> Remove and replace three (3) sanitary sewer manholes <input type="checkbox"/> Pavement restoration. <p>The improvements will ensure adequate sewage flows and reduce inflow and infiltration into the sewer system.</p>	189 families 394 persons 53% LMI	\$130,000.00	COMPLETED
2.Public/Community Facilities	Wattsburg Borough North Street Neighborhood Improvement Project	<p>Undertake improvements along North Street, from Main Street to Lowville Street in Wattsburg Borough, consisting of the following:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Install 367 lineal feet of storm sewer pipe <input type="checkbox"/> Install 4 catch basins and adjust 2 existing catch basins <input type="checkbox"/> Replace / construct sidewalks <input type="checkbox"/> Street resurfacing <p>The project will alleviate flooding and poor surface drainage conditions, improve pedestrian and vehicular access and enhance the appearance of the neighborhood.</p>	16 families 53 persons 60% LMI	\$117,816.64	COMPLETED
3.Public/Community Facilities	Mill Village Borough Depot Street Culvert Replacement Project	<p>Replace an existing culvert structure under a section of Depot Street, located between South Main Street and East Center Street in Mill Village Borough. The culvert site has been severely damaged by flooding resulting in the closing of a section of Depot Street. Total replacement of the culvert structure is necessary to withstand future floods and reopen Depot Street to pedestrian and vehicular traffic. <i>(Multi-year CDBG: '05, '07 & '08)</i></p>	120 families 421 persons 52% LMI (Community- wide benefit)	\$125,681.52	COMPLETED
4. Water System	Union City Municipal Authority Fire Hydrants Replacement Project	<p>NOTE: Residual '05 CDBG monies were provided to the '04 CDBG "Competitive" funded Union City Municipal Authority Fire Hydrants Replacement Project.</p>	926 families 3,463 persons 57% LMI (Community-wide benefit)	\$14,281.84	COMPLETED
5. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$64,495.00	COMPLETED
TOTAL				\$452,275.00	

**ERIE COUNTY
FY 2006 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Lake City Borough Railroad Street Water Line Replacement Project	Replace approximately 1,720 feet of 6-inch diameter cast iron water line with a new 8-inch diameter PVC line along Railroad Street, from Rt. 18 to Chestnut Street in Lake City Borough. Also, to be replaced are valves and hydrants. The project will provide the area with increased water volume and pressure as well as enhanced fire protection. (Multi-Year CDBG: '06 & '04)	17 families 51 persons 74% LMI	\$126,708.81	COMPLETED
2. Water System	Wattsburg Borough Arsenic Removal Project	Note: Residual '06 CDBG monies have been re-allocated to the FY '07 CDBG funded Wattsburg Borough Arsenic Removal Project.	See FY 2007	\$13,075.83	COMPLETED
3. Sanitary Sewer System	Union City Municipal Authority Wastewater Treatment Plant Bar Screen Replacement Project	Purchase of a new bar screen for the Union City Wastewater Treatment Plant. This equipment screens trash, rags, gravel and other large debris from the wastewater as it flows into the plant, thereby protecting subsequent treatment units and equipment from damage, clogging or fouling. The PA DEP mandated that the improvements be made by October, 2006. Municipal Authority personnel will install the equipment.	926 families 3,463 persons 57% LMI (Community-wide benefit)	\$57,750.00	COMPLETED
4. Sanitary Sewer System	Wesleyville Borough Wesley Avenue Sanitary Sewer Line Replacement Project	Installation of 950 feet of 8-inch diameter PVC sanitary sewer line, 4 sewer manholes, and 400 feet of sanitary sewer laterals along Wesley Avenue, from Buffalo Road to Pearl Avenue in Wesleyville Borough. The new line will eliminate a "bottleneck" condition in the system which has resulted in sewage backups into residences located upstream of the project area. The project will benefit residents living along Wesley Avenue as well as those living upstream of the project site.	285 families 461 persons 62% LMI	\$128,215.36	COMPLETED
5. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$67,976.00	COMPLETED
TOTAL				\$393,726.00	

**ERIE COUNTY
FY 2007 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT**

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Waterford Municipal Authority East 6 th Street Water Line Replacement Project	Replacement of 1,500 feet of 4-inch diameter cast iron water line with a new 8-inch water main on East 6th Street, from Cherry Street to East Street, in Waterford Borough. The new larger diameter water main will provide better water volume and pressure during peak demand as well as enhance fire fighting capability in the area.	63 families 102 persons 64% LMI	\$94,906.45	COMPLETED
2. Water system	Wattsburg Borough Arsenic Removal Project	Purchase of equipment to be installed at Wattsburg Borough's pump well house to remove arsenic from the Borough's public water supply. (Multi-year CDBG: '07 & '06)	102 families 369 persons 51% LMI	\$25,454.17	COMPLETED
3. Sanitary Sewer System	Wesleyville Borough Skellie Avenue Sanitary Sewer Line Replacement Project	Replacement of 300 feet of 6-inch diameter sanitary sewer line with an inch PVC line along Skellie Avenue, from Willow Street to Station Road, in Wesleyville Borough.	15 families 47 persons 55% LMI	\$56,756.72	COMPLETED
4. Sanitary Sewer System	Wesleyville Borough Riverside Drive Sanitary Sewer Line Replacement Project	Note: Residual '07 CDBG monies have been re-allocated to the FY '08 CDBG funded Wesleyville Borough Riverside Drive Sanitary Sewer Line Replacement Project.	See FY 2008	\$56,994.35	COMPLETED
5. Storm Sewer System	Union City Borough Brown Street Storm Sewer Construction Project	Installation of 1,250 feet of 12", 15" and 18" diameter HDPE storm sewer pipe and 12 inlets along Brown Street, from Miles Street to Union Street, in Union City Borough. The project will improve drainage conditions in the area, eliminate roadside ditches which pose safety hazards for motorists and pedestrians; improve driveway access and mitigate poor yard drainage which presents a nuisance to property owners.	24 families 61 persons 80% LMI	\$64,875.41	COMPLETED
6. Public/Community Facilities	Mill Village Borough Depot Street Culvert Replacement Project	Note: Residual '07 monies have been re-allocated to the FY '05 CDBG funded Mill Village Borough Depot Street Culvert replacement Project. <i>(\$125,681.52 [FY '05] + \$31,342.48 [FY '07] = \$157,024)</i>	See FY 2005	\$34,312.90	COMPLETED
7. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$66,888.00	COMPLETED
TOTAL				\$400,188.00	

ERIE COUNTY
FY 2008 COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM STATUS REPORT
(As of 11/1/09)

Activity	Project Name	Description	Beneficiaries	CDBG Funds	Project Status
1. Water System	Union City Municipal Authority Sludge Pumping System Upgrade Project	Installation of a new sludge pumping system at the Union City wastewater treatment plant. The existing system is no longer reliable or adequate. The pumping system conveys sludge from secondary clarifier tanks to primary tanks where it is removed from the wastewater.	926 families 3,463 persons 57% LMI (Community-wide benefit)	\$59,000.00	COMPLETED (Balance of \$20,800)
2. Sanitary Sewer System	Union City Municipal Authority First Avenue Sanitary Sewer Line Replacement Project	Replacement of 430 feet of sanitary sewer line along First Avenue between South Street and West High Street in Union City Borough. The new larger diameter line will eliminate a "bottleneck" condition in the system which has resulted in sewage backups into residences located upstream of the project area during periods of heavy rainfall.	391 families 1,073 persons 59% LMI	\$109,649.23	Work "substantially" completed.
3. Sanitary Sewer System	Lawrence Park Township Main Street Sanitary Sewer Line Installation Project	Installation of 130 feet of 8-inch diameter sanitary sewer on the south of Main Street between Rumsey Avenue and Napier Avenue in Lawrence Park Township. A new line needs to be installed because nearly all of the joints of the existing pipe are cracked and in several locations there are holes in the top and sides of the pipe where pieces have fallen away. The project will also include the removal/replacement of 3 trees and construction of two handicapped accessible curb-cut ramps.	5 families 14 persons 87.5%	\$32,047.09	COMPLETED
4. Sanitary Sewer System	Wesleyville Borough Riverside Drive Sanitary Sewer Line Replacement Project	Replacement of 850 feet of 6-inch diameter sanitary sewer line with an 8-inch diameter PVC pipe along Riverside Drive from Freemont Street to Buffalo Road in Wesleyville Borough. Other work will include installation of 4 sanitary sewer manholes, sewer laterals and pavement restoration. The project will ensure adequate sewage capacity and reduce backups into area homes. <i>(Multi-year CDBG: \$56,994.35 [07] + \$89,364.05 [8] = \$146,358.40)</i>	19 families 52 persons 61.5% LMI	\$103,190.00	COMPLETED (Balance of \$13,825.95)
5. Public/Community Facilities	Mill Village Borough Depot Street Culvert Replacement Project	Note: Residual '08 monies have been re-allocated to the FY '05 CDBG funded Mill Village Borough Depot Street Culvert replacement Project. <i>(\$125,681.52 [FY '05] + \$34,312.90 [FY '07] + \$10,803.68 = \$170,798.10)</i>	See FY 2005	\$10,803.68	COMPLETED
6. Administration	-	General management, oversight, and coordination of the CDBG Program.	-	\$69,000.00	On-going
TOTAL				\$383,690.00
